The Journeymen Community Development program is a safe introduction to children in care for families who may not be ready to commit to foster care or adoption.

*A "journeyman" is defined as an apprentice who's working to master a craft
In this sense, the Kids are journeymen - working to develop life skills,
and the participating families are journeymen, too – working to develop the understanding
and supports they'll need to help create permanency for children who are in foster care.*
